THE INTERNATIONAL BUSINESS AWARDSSM

We started our hospitality business on 1 May 1995 from a humble beginning in an emerging market on a river barge on the river bank of the Mekong River, Cambodia.

24 years later, we employ a strong workforce of over 8,500 employees and we have distributed over a billion US dollars' worth of dividends to our shareholders since our IPO in October 2006. Our market capitalisation (HKSE 3918) has multiplied about 18 times from about USD441m (as at 19 October 2006 on IPO date) to about USD 8 billion (as at 20 November 2019) which is about 32% of Cambodia's GDP of USD 24.5 billion (Source: The World Bank 2018 GDP Cambodia).

We have contributed significantly to the tourism growth in Cambodia and accounted for about 29% of the local tourism GDP (Source: National Institute of Statistics of Cambodia classification of rooms and F&B compared with the Group's 2018 Annual Report). Our shareholder list consists of many respectable global institutional shareholders, who have certainly raised the investment profile of Cambodia and attracted FDI to a country with an unfortunate genocidal past.

More importantly, at NagaCorp Group, it is our fervent belief that helping and contributing to the society, being aware of the environment, social responsibility and good corporate governance are in our DNA, and the more enduring values and aspects of our corporate existence in the operating environment.

We have been running our business in a Third World nation adopting First World practices. Our belief is that the prosperity of the operating environment is our prosperity.

Today, we thank the organizers and judges of Stevie® Awards 2019 International Business Awards for recognizing our Corporate Social Responsibility (CSR) commitment and activities in Cambodia and bestowing us with the Silver and Bronze Awards for *Corporate Social Responsibility Program of the Year - in Asia, Australia and New Zealand* in Vienna, Austria.
